

# Designed to heal.

Open September 30

Patients treated at hospitals designed like the new Metro Health Hospital heal quicker and go home faster.

Start with the absolute latest safety and technological innovations to improve quality. Add healing gardens, abundant natural light, all private rooms and couches that become beds for visitors. Put it together with hundreds of other improvements in one of the greenest hospitals in the country and you have a building designed to heal...

the new Metro Health Hospital.

See the new hospital September 10,11 & 12 2:00 – 8:00 p.m.
